AMERICAN BRAHMAN BREEDERS ASSOCIATION SPECIAL RULES

The ABBA requires that everyone who exhibits cattle in an ABBA Show must be a member in good standing as either a Junior, Active or Show Member. Please review the ABBA Constitution and Rules to familiarize yourself with the membership levels along with their requirements.

1. Animals must be registered in the American Brahman Breeders Association to be eligible to compete in association sponsored shows. The registration certificate (or photocopy) for each entry must be available for presentation to the superintendent or manager of the show at the time entries are verified prior to judging.
2. The registration number and animal identification number (number branded on animal) of (1) each animal must be entered in an individual class, (2) the sire of each get-of-sire entry and (3) the dam of each produce-of-dam entry must be listed on the entry card of each animal entered.
3. Entries that have not complied with rules one (1) and two (2) will not be eligible to show, receive premium monies or earn points in the association's Register of Renown.
4. Animals to be eligible to be shown in group classes must be entered and shown in individual classes.
5. Entries will be listed numerically according to age (oldest first) in catalogs and judging schedules. Include animal identification number (number brand) as a part of identification. When entering the arena for judging, the handlers will line cattle up numerically in the same order.
6. Judges will be allowed to comment on placings in selected classes when conditions permit.
7. Each animal will be presented in the showing in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory construction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Injections of foreign substances internally for cosmetic purposes, steroids, growth hormones or stimulants; then the said animal shall be ruled ineligible to compete until such time the Show Committee and owner/owners have reviewed the case. Any violators, both owner & fitter will be in-eligible to exhibit cattle at ABBA Approved Shows for 5 years.

8. If any exhibitor/owner/showman interferes in any way with the judge or shows disrespect to him, or to the show in the ring, the exhibitor/owner/showman may be dismissed by the judge or show management from the ring. The management may withhold from each exhibitor/owner/showman any premium monies that may have been awarded or take other steps deemed desirable.

9. In cases where families, companies, corporations, etc., are operated as a unit under the same management but have cattle also registered in the name of the individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under the firm name provided they have not been and will not be shown in the name of the individuals.

10. For females being shown in the three oldest classes ****CURRENT YEAR LESS 3 YEARS**** (females calved Sept.; ____ - August 31, ____, for Fall Shows; females calved Jan. 1 - Dec. 31, ____ for Spring Shows), exhibitors must have a certificate of pregnancy issued by a licensed veterinarian will be presented to show officials at time of check-in or registration paper check. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. Females exhibited in the last class at the Spring Shows **MUST** have a calf at side. For Fall Shows the last class of females is required to have a calf at side also. The only exception from this rule will be cows that have already weaned a calf and a registration certificate of the calf **MUST** be presented to the judge. The pregnancy certificate will be checked at the ABBA National, International & any other participating show.

11. ***All bulls will be shown with a nose ring or nose restraint with lead attached.*** For bulls being shown in the oldest class, the exhibitor must have a seasonal fertility certificate issued by a licensed veterinarian or certified technician stating the bull can settle cows. The certificate must be available for inspection by the judge on request. The seasonal fertility certificate will be checked at the ABBA National, International & any other participating show.

12. This deals with the produce of dam classes and the get-of-sire class. All group classes must be held by a handler in the show arena to be placed. At the International, National and any other participating show, the Original Registration Certificate or Original Copy (Blue with COPY across it) of each animal entering the ring for the group classes must be presented to the Show Official for parent verification. In an attempt to accommodate the exhibitors, the registration certificates of animals being exhibited in the group classes will be checked in advance at a specified time. Two animals

for Natural Produce, four head for Embryo Produce and six head for the Get of Sire classes can be checked allowing the exhibitor to make the final selections prior to the show. If an exhibitor does not want to check papers early they would then have to bring papers on each animal that will enter the ring, at class check-in.

Embryo Produce of Dam - Two animals from the above classes produced by one dam by embryo transfer either or both sexes may be represented. No ownership requirement.

Natural Produce of Dam - Two natural born animals produced by one dam from the above classes, either or both sexes may be represented. No ownership requirement.

Get-of-Sire - Four animals from at least two dams by one sire from the above individual classes, both sexes represented. No ownership requirement.

13. No exhibitor shall be permitted to show more than one produce or embryo-produce of dam per dam.

14. Cows that are exhibited with calves at side must be in a lactating stage. Calves must be the natural calf of the cow being exhibited and must not exceed 240 days of age on day of judging. The judge will be made aware by the ring steward for those cows whose calves are ineligible to show by this rule.

15. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.

16. Color Classification Rule effective with the 2018 ABBA International Show - Houston. For animals exhibited in ABBA approved shows, the following rules will apply:

A. The ABBA Color Chart will serve as the official breed resource for identifying the proper hair coat of registered Brahman cattle (charts are available from ABBA)

B. In order to show in the Red Show, an animal must have a **minimum of 3 Red ancestors** in their 3-generation pedigree. And animal with **less than 7 out of 14 Red ancestors** in the 3-generation pedigree may not show until color classified.

C. Animals will be color classified by the ABBA Color Committee in order to compete at the International, National, Kick-Off Classic and All-American Shows. The Show Committee also has the right to color classify any ABBA Approved Show unannounced.

D. The ABBA Color Committee shall consist of 3 primary members and 2 alternates, all with experience in the beef industry and with **at least 2 of the members being ABBA Directors who are non-showing members.**

The Color Committee will be appointed by the ABBA President and will serve for the full show year.

E. Animals will be color classified by their predominant hair color based on the ABBA Color Chart.

F. Only if an animal is unable to be classified based upon the ABBA Color Chart, the animal's pedigree may be used to aid in color classification.

G. Once classified, the animal's paper will be stamped with the color classification and remain in that classification throughout its show career. Appeals can be sent to the Executive Committee within 30 days.

H. If any animals is reclassified by the Color Committee, the ABBA must provide corrected papers to the current owner of that animal within 30 days of the reclassification at the owner's expense.

I. Animals shown in group classes must show in the group class of the registered color of their sire for the Get-of-Sire and the registered color of their dame for the Produce-of-Dam (ET & Natural)

J. Both the exhibitor and owner of an animal that is shown in the wrong color division after being color classified will be ineligible to show any animals for 13 months following the infraction. The animal in violation will be disqualified for its entire show career and will forfeit all Register of Renown points.

K. Any ABBA member of exhibitor has the right to protest the color classification of any animal at any ABBA Approved Show to the Show Committee in writing within 30 days. Any animals already stamped with a color classification will not be reclassified.

17. The owner of record of any registered animal entered in an ABBA approved shows and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that seller/owner might claim as a result of injury of any kind sustained before, during, or after handling cattle for any ABBA board approved activity.

18. Beginning January 21, 2019 for shows to remain approved point shows by ABBA they must maintain a forty (40) head average for the previous two (2) years. Shows must also follow the Requirements of ABBA Approved Shows.

19. ALL Animals MUST have a Birth Weight submitted to be eligible to show in ABBA Approved Shows.

20. The official ABBA rules & procedures governing showing & exhibiting of registered Brahman cattle supersede any rules printed in any show catalog.

21. In an attempt to insure that all animals receive an equal evaluation at the National and International

Shows, classes with more than 30 entries may at the discretion of the Show Management and/or ABBA Officials be split by age as evenly as possible.

22. Any animal that exceeds the weight & measurement requirements at the International Brahman Show, National Brahman Show, All American National Junior Show or any other designated show where eights & measurements are taken will be in-eligible to show at that show and any future ABBA Approved Shows until the next show that weights & measures are taken when they can requalify. Any animal that exceeds the parameters and is shown at an ABBA Approved Show before requalifying will be in-eligible to show their remaining career. Both the exhibitor and owner of the previously disqualified animal that is shown before requalifying will be in-eligible to show animals forever.
