On behalf of the Extraco Events Center, welcome to the 2020 Heart O' Texas Livestock Show, presented by Bar None Country Store. We are looking forward to this year's events. If you were here last year, I am sure you noticed the changes due to the ongoing new construction happening at our facility. The construction will be ongoing again this year. But, due to our hard working, dedicated staff, management team, and volunteers we pledge to do our best to make your experience a good one. We will continue this year with our goal of "Raising the Standard" to make your visit enjoyable. We thank you in advance for your patience during this process. The HOT Livestock Show reserves the right to test any animal officially entered in the livestock show for foreign substances including drugs, chemicals or feed additives. Grand and Reserve Champion Junior Market winners and the Supreme and Reserve Supreme Champion Breeding Heifer will be tested at the conclusion of the champion drive. Randomly selected animals will be tested after the completion of their respective class. The HOT Livestock Show maintains a **Zero Tolerance Policy** for unethically fitted livestock. This includes but is not limited to the use of off label drugs and non-antibiotic therapeutic medications.
 - A. **Approved Drug Use:**

If an animal has been administered a drug that is Food & Drug Administration (FDA) approved for its species and class, sufficient time must have passed so that the animal does not test positive for that drug upon arrival at the EEC. Animals must remain free and clear of all drug and chemical residues while on show grounds. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal time for most approved drugs. The show will not tolerate the presence of zilpaterol hydrochloride (Zilmax™) or ractopamine hydrochloride (Paylean™ Optaflexx™) in species for which they are not FDA approved.
 - B. **Unapproved Drug Use:**

The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including animals that may be destined for human consumption.
 - C. **Inspection/Testing:**

Each exhibitor, by entering or exhibiting an animal at the HOT Livestock Show, agrees that any animal entered by him or her may be subjected to inspection or examination by any veterinarian appointed by HOT Livestock Show and that HOT Livestock Show may subject any such animal to any tests, sample-takings, or inspections that HOTFR deems necessary or appropriate, including but not limited to testing for drugs or other substances, at any time. The HOT Livestock Show shall have the right to conduct or have conducted for it all tests, inspections, or analyses it deems appropriate or necessary, including but not limited to ultrasound, D.N.A., blood, tissue and urine laboratory analysis, on any animal entered in or exhibited at the HOT Livestock Show. The exhibitor and the exhibitor's parent, legal guardian, AST or

CEA must be present during the collection of an initial urine sample for testing and must witness, seal and sign the sample, thereby establishing that the sample was properly collected and prepared for analysis. Subsequent samples of any sort may be taken by or for HOT Livestock Show without the presence of the exhibitor or his or her parent, legal guardian or AST or CEA.

Classes of Drugs:

Antibacterial Therapeutic Medications

Used to treat infection, these compounds don't create competitive advantage, but can create food safety concerns if not used according to label directions. Many are only FDA approved for particular species, meaning that extensive research has been conducted regarding the proper dosage and type of administration to be efficacious in that species as well as the withdrawal time that is necessary for meat products to be safe for human consumption.

Non-Antibiotic Therapeutic Medications:

Inclusive of anti-inflammatories, antipyretics, diuretics and anesthetics, these medications can result in competitive advantage by altering the physical appearance of the animal and/or concerns with food safety. Some are available over the counter and others can only be legally sourced and administered through prescription by a licensed veterinarian. Many are only FDA approved for a particular species and may only be used in another species with a prescription from a licensed veterinarian.

Beta-agonists:

Originally developed as bronchodilators in humans, larger dosages have a growth promoting effect in animals and result in increased muscle and decreased fat. The only beta-agonist that is currently FDA approved and available for use in livestock production is ractopamine, which is approved for use in market cattle, market swine and market turkeys with a zero-day withdrawal (i.e. research indicates that meat products are safe for consumption at any time during the feeding period). Use of ractopamine in any other species or class within species, or any beta-agonist lacking animal approval in any species, creates concerns with both food safety and competitive advantage.

All decisions, determinations and conclusions based on any test, inspection, analysis, or examination shall be final and conclusive without recourse against HOT Livestock Show or any of its Show Management, directors, volunteers and employees, or any veterinarian appointed by HOT Livestock Show.

EACH EXHIBITOR, BY ENTERING AND EXHIBITING AN ANIMAL OR PROJECT IN OR AT THE HOTFR, WAIVES AND RELEASES HOT LIVESTOCK SHOW FROM ANY AND ALL CLAIMS, SUITS, CAUSES OF ACTION, LIABILITIES, DAMAGES, DEMANDS, COSTS, EXPENSES (INCLUDING ATTORNEYS' FEES) AND OTHER LOSSES OF EVERY SORT BASED ON, ARISING OUT OF, OR RELATING TO THE INSPECTION OR TESTING OF ANY SUCH ANIMAL AND ANY RULING, DECISION, OR ACTION TAKEN AS A RESULT OF OR IN RELIANCE ON THE RESULTS OF ANY TEST OR INSPECTION, WHETHER OR NOT SUCH TESTING OR INSPECTION WAS CONDUCTED IN COMPLIANCE WITH THESE RULES. THE FOREGOING WAIVER AND RELEASE APPLIES TO ANY CAUSES OF ACTION, CLAIMS AND DEMANDS BASED ON HOTFR'S ACTUAL OR ALLEGED NEGLIGENCE.

Any violation of release times will cause the forfeiture of all premiums and/or prizes earned and the exhibitor may be barred from future participation.

JUDGES' RULES

- 60. Selection of Judges:** Judges will be selected by the HOT Livestock Show, and in every case, judges are selected with utmost care, with the highest qualifications.
- 61. Decision of Judges:** The decisions of the judges will be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases, Show Management or such referee as they may appoint, may make decision, or the case may be referred to the Executive Committee, from whose decision there can be no appeal.
- 62. Interference with Judges:** If any exhibitor, in any way, whether in person or by agent or servants, interferes with the judges during their adjudication, or shows any disrespect to them or the Show, the Show Management may demand a proper apology from such exhibitor, or it may exclude him or her from the ring and may also withhold exhibitor premiums and may bar exhibitor from future participation in the HOT Livestock Show.
- 63. Time of Judging:** The Livestock Schedule as published in the Livestock Exhibitor Catalog will be followed as closely as possible. Exhibitors should ascertain at what time the exhibits will be judged. Any exhibit not presented promptly on scheduled time will be ruled out and barred from competition in the class called. No complaint or protest on the ground that judges overlooked exhibits will be considered.
- 64. Unworthy Exhibits:** Judges must not award a prize to an unworthy exhibit. It is the intention of HOT Livestock Show that no premium or distinction of any kind shall be given to any animal or article that is not deserving. Judges are also requested to discriminate against animals upon which a surgical operation has been performed to improve their "show" appearance. These rules must be strictly adhered to, whether there is a competition or not.
- 65. International Association of Fairs & Events (IAFE) National Code of Show Ring Ethics:**
Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior, as well as open class, exhibitors who compete in structure classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethic demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.
The following is a list of guidelines for all exhibitors and all livestock in competitive events:
- a. All exhibitors must present, upon request of the fair and livestock show officials, proof of ownership, length of ownership and age of all animal entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
 - b. Owners, exhibitors, fitters, trainers or absolutely responsible persons shall provide animal health certificate from licensed veterinarians upon request by fair or livestock show officials.
 - c. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

- d. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for Show Management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which culminates in the animals entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with the federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of the saliva, urine, blood or other sample taken from the livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer, transfer to the laboratory and analysis of the sample are correct and accurate of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medication for the sole purpose of protecting the health of the animal shall be administered by a licensed vet.
- e. Any surgical procedure or injection of any foreign substance or drug or the external application of a substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except the external applications of substances to the hoofs or horns of animal which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- f. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
- g. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during or after the competitive event is prohibited. Registration: 9 a.m. – **Extraco Show Pavilion – Calf Scramble Participation Room**

Time of Contest: 10 a.m.

Awards: Immediately following contest conclusion

The HOTFR hosts a Food Challenge Show modeled after the hit TV Series “Iron Chef.” Food Challenge gives FCCLA, FFA and 4-H students from across Texas the chance to showcase their cooking skills, but also requires the students to know preparation, nutritional facts and origins of ingredients. Exhibitors compete as teams in this competition in which they are randomly assigned into one of four categories: Bread & Cereal, Fruit & Vegetable, Main Dish and Nutritious Snacks.

Special Rules

1. All General & Junior Show Rules & Regulations apply to the Food Challenge Contests.
2. The contest and teams will be divided into two (2) divisions:
Juniors: 3rd – 8th grade
Seniors: 9th – 12th grade
 - a. Teams will consist of 3 – 4 members each.
 - b. Teams will compete based on the age of the oldest member. Any junior may register and compete on a senior team.
3. The Texas 4-H Food Challenge Guidelines, including the official supply box list, can be accessed at:
http://texas4-h.tamu.edu/healthy_lifestyles.
4. **Contest Format:** Teams will be randomly assigned to a contest category (see categories above).
5. **Rules of Play:** The following is a summary of the contest procedure and rules: A) Preparation: Each team will be provided with a set of ingredients, reflective of the assigned category, and will create a dish using them. The amounts of ingredients, based upon a recipe, and a clue will be at each preparation station. Teams are challenged with creating their own recipe with the ingredients provided. Each ingredient provided must be incorporated into the dish; however, the exact amount of each ingredient to use may be determined by the contestant. B) Resources: Each team will be provided with nutrition and food safety resources at the food preparation station to use in preparing their presentation. A worksheet will be provided for teams to write down the recipe invented, as well as other key points to highlight in the presentation to the judges. C) Presentation: After the preparation time, each team must present their dish and give an oral presentation to a judging panel.
6. **Time:** Each team will have forty (40) minutes for the preparation portion of the contest (prepare a dish, plan a presentation and clean up their assigned preparation area). Five (5) minutes are allowed for the oral presentation.
7. **Supplies:** Each team must supply their own equipment for the Food Challenge. Teams may only bring the supplies listed in the official supply box list (4-H Food Challenge Guidelines, see link above). Supply boxes will be checked by contest officials. Teams should plan to not have access to a kitchen facility and, therefore, should plan to clean supplies upon returning home from the contest.
8. **Dress Attire:** Teams should dress appropriately for food preparation and presentation to the judging panel. No open-toed shoes allowed.

9. Teams that experience any equipment malfunction(s) may not replace the equipment with supplies from another team, leaders, volunteers, County Extension Agents or show management. Instead, team members must work together and be creative in completing preparation without the malfunctioning equipment.
10. **Presentation:** When time is called, each team will present their dish to a panel of at least two (2) judges.
 - a. All team members must participate in the presentation, with all team members having a speaking role.
 - b. Teams are allowed the use of note cards during the presentation but should not read from them, as this minimizes the effectiveness of their communication.
 - c. Teams will have a maximum of five (5) minutes to give oral presentation to judges.
 - d. If teams do not use all of the allotted time for presentation, judges may ask teams questions for the remaining presentation time. These questions might not be related to the dish prepared, instead some questions may address the general knowledge as related to any food and nutrition topic.
 - e. No talking and no writing are allowed among any team members while waiting to give the team presentation. Team members caught talking and/or writing will receive a warning. The second time, the team will be disqualified and asked to leave the contest facility. Team members should not have pens or pencils in their possession while waiting to give their presentation.

Absolutely no electric devices/jewelry are allowed during contest!

Please respect these boundaries and the directions of officials. Failure to do so or argument with officials is considered unsportsmanlike conduct and will result in appropriate actions, up to removal from the event, range, area, or grounds.

Lewis Class System for the 2020 Heart O' Texas Trap Shooters Extravaganza

There will be four (4) Lewis Classes (Class one (1) being the top Class). The Lewis Class calculation format below governs the 2018 HOT Extravaganza. Top 10 Extravaganza shooters in both Juniors & Seniors will not be included in the Lewis Class event. Top 10 shooters will be removed from the overall total, the remaining shooter scores will be listed in descending order. The remaining shooters represent the total Lewis Class number used in the following calculations.

The list of shooters scores will be divided into classes by placing dividing lines (original line) based on the following calculation:

- Total number of shooters in Lewis Class divided by number of classes
 - a. If the result is a whole number, it is the number of shooters for each class
 - b. In the event that the calculation does not end up as a whole number, the whole number portion of the result is the base number for each class. The remainder is to be multiplied by the number of classes. This will generate a remaining whole number that will be less than the total number of classes. This is the number of classes that need to have one (1) added to the base number, starting with the lowest class and then moving up.
 - c. When an original line is placed between a number of tied scores, the shooters will be reassigned as follows:
 - Majority above the line, those shooters below the line are moved above the line.
 - Majority below the line, those shooters above the line are moved below the line.
 - Equal number above and below, those shooters above the line are moved below the line. Only the lines with ties are moved. The original lines in all other classes remain as originally drawn. There is the possibility of having a significantly different number of shooters for each class.

Lewis Class Calculation Example

Total number of shooters in Lewis Class = 26

Total number of Classes = 4

$26/4 = 6.5$

$4 \times .5 = 2$

6 is the base number for each class - .5 is the remainder

The two lower classes need to have 1 added to the base number

Class 1 – 6

Class 2 – 6

Class 3 – 7

Class 4 – 7
